

HOW CAN WE HELP YOU?

The i+12 Innovation Support Unit (ISU) is a member of the **Platform for Innovation in Medical and Health Technologies (ITEMAS)**, promoted by the Carlos III Health Institute as a component of the integrating innovation vision in its setting.

The **ITEMAS** platform is currently comprised by the innovation support units of 29 leading hospitals of the Spanish National Health System.

The i+12 ISU provides **COUNSELING** and **SUPPORT** to **ANY PROFESSIONAL** of the Hospital Universitario 12 de Octubre, regardless of whether or not they are researchers, including researchers of the centers affiliated to the i+12 Research Institute.

IMPORTANT NOTE: BEFORE PUBLISHING, PROTECT your results and/or invention. **ASK US!**

WHAT IS THE i+12 ISU?

"GREAT INNOVATIONS start by IDENTIFYING UNSATISFIED NEEDS"

I+12 INNOVATION SUPPORT UNIT

The Innovation Support Unit (i+12 ISU) created at the Hospital Universitario 12 de Octubre **AIMS TO** channel innovative ideas throughout the various phases of the innovation funnel: from the moment the idea arises to its release into the market.

The **PHILOSOPHY** of the i+12 RSU is to work in an **OPEN INNOVATION** setting, in which the patients, suppliers and the industry participate in an innovative process in cooperation with the i+12 Institute.

We **ARE** a multidisciplinary team of professionals who will strive to provide you with the necessary counseling so that your ideas can become products or services that contribute to

i+12 NEWS SOLUTIONS!!

WHAT DO WE DO AT THE ISU?

LEGAL PROTECTION OF INNOVATION

- Drafting of **REPORTS** on the **STATE** of the **TECHNIQUE** in relation to the innovative idea identified.
