

OFERTA DE CONTRATO: Ref 2403/02

AREA DE INVESTIGACION: CARDIOVASCULAR

Proyecto de Investigación: "UE-EU4HEALTH"

Investigador Responsable: Dr. Héctor Bueno Zamora

Entidad financiadora: Entidad Pública

Área 1. Grupo I – Investigador asociado

- To support all activities of the MTCR Group related to the participation in the European Union Program EU4Health: European Joint Action on diabetes and cardiovascular disease (JACARDI), including:
 - 1)Development of Task 7.1: Mapping of current data and data source availability to assess the situation of CVD and DM in EU countries, and identifying the local needs and gaps. The objective is to support and guide the systematic analysis of the epidemiological and clinical situation of CVD data in EU countries.)
 - 1.1. Develop a comprehensive framework to assess cardiovascular health and disease (CVD) status across all EU countries. Focus on mapping the current epidemiology of CVD, its determinants, and temporal trends at both population and healthcare system levels. Evaluate the management of CVD patients, considering quality of care, outcomes, and resource utilization. Address sources of variation and inequities, including social determinants, in CVD, epidemiology, access to care, and relevant outcomes.
 - 1.2 Development of a structured database with all the variables needed to assess cardiovascular health and cardiovascular disease at a national level, including identification of variables, definitions, structure, sources, etc.
 - 1.3. Mapping the availability of information and data sources in each EU country, including national and regional quality registries, activities, platforms or centres and networks. Assess the coverage and extent of available data, including variables and measurements.
- 2) Participation on all required JACARDI activities, including interaction and collaboration with all other JACARDI WP7 participants for the development of all WP7 tasks and pilots
- 3)Coordination and communication with other JACARDI WPs.
- 4)Support to all administrative and organizational activities related to the I+12 - MTCRG participation in JACARDI.
- 5) Support to the publication and dissemination of the results of JACARDI activities.

REQUERIMIENTOS

Titulación académica PHD. (completed). Biomedical career or careers handling clinical/epidemiological nomenclature and data definition. Titles: Medicine, Epidemiology, Nurse, Biology, Biomedical engineer, Computer engineer

Experiencia Previa Clinical or epidemiological variable definition and standardisation

Clinical or epidemiological nomenclature analysis and development (cardiovascular in particular)

Data collection and analysis at international or national level

Clinical or epidemiological research, Data management

Knowledge of quality principals and assessment

Previous participation in EU-funded projects (Joint Actions, HORIZON EUROPE, H2020, etc.) is valued, but not necessary.

Herramientas informáticas Advanced computer use, including usual programs (Office, Internet

Knowledge of database management and development (Excel, REDCap...).

Idiomas (Written and spoken; all activities will be developed in English), and SPANISH

CVs and will be evaluated and interviews done in English

DURACIÓN Según proyecto

DOCUMENTACION Y ENTREGA Curículum Vitae (en inglés) adaptado a los requisitos de la oferta, fotocopia DNI, fotocopia de titulación. Envío de la documentación a rrhh@h12o.es indicando de manera expresa el número de referencia de la oferta.

PLAZO Hasta el 21 de marzo de 2024

El resultado de esta de oferta se publicará en el tablón de anuncios del I+12

NOTA LOPD REGLAMENTO UE 2016/679 Y LEY ORGÁNICA 3/2018 DE 5 DE DICIEMBRE DE PROTECCIÓN DE DATOS

Le informamos que sus datos serán incorporados a un fichero titularidad de la Fundación para la Investigación Biomédica del Hospital Universitario 12 de Octubre para gestión del personal de la Fundación durante el proceso selectivo de esta convocatoria. Una vez finalizado el proceso de selección se eliminarán todos los datos aportados a nuestro fichero de gestión de personal.
