

Attune™ CytPix Imaging-Assisted Acoustic Focusing Cytometer

Operations Training

Patricia Suárez Fernández
Field Application Scientist II
Patricia.suarez@thermofisher.com

Training date – 28th and 29th May 2025

For Research Use Only.

Not for use in diagnostic procedures.

 The world leader in serving science

Agenda Day 1

10.00
11.00

Introduction to Flow Cytometry

11.00*
13.00

Attune™ Cytometer Systems

13.00
14.00

LUNCH

14.00
15.00

Instrument Start-up & Daily Maintenance

15.00
15.45

Overview of Attune™ Cytometric Software

15.45
16.45*

Experiment Setup, Data Acquisition and Basic Analysis Tools – *1 Color Experiment + Small Particle*

16.45
17.00

Key Learnings - Training Day 1

* including a 15 minutes break

Agenda Day 2

10.00
10.45

Review - Training Day 1

10.45
12.00

Compensation Theory & Maintenance

12.15*
13.30

Automated Image Analysis

13.30
14.30

LUNCH

14.30
15.30

Compensation Setup, Sample Acquisition and Analysis – 3 to 4 Colors Exercise

15.45
16.45

Advanced Software Features

16.45
17.00

Key Learnings - Training Day 2
